

Parent Tip – Week 1

Purpose:

We want to teach our child(ren) to Pay Attention so they will gain useful information and learn more. People will be more likely to Pay Attention to children if they Pay Attention to others. And, children will understand what to do.

Tip:

Increase the behavior you want to see in your child(ren) with praise and positive attention. Be specific with the positive behavior you saw them do and give a reason why it helps them if they keep doing that behavior.

For example: " I love the way you are Paying Attention to me. You stopped playing with your toys, looked at me, and you're listening. Now you will know what I am telling you."
