Participant Name	School-Org-Agency	Email Address for Training Packet	Cell Phone for Communication & Zoom Tech Issues	Mailing Address for Sets of Posters

Project CLASS Core Skills Workshop Zoom Training

Project CLASS Core Skills Zoom Workshop Training is 5.5 hours in duration which includes registration from 8:00 to 8:30 am and the

Training ending at 1:30 pm. Workshop participants include teachers, teacher assistants, principals, assistant principals, parents, counselors and other staff and adults engaged with children. Typically, there is one Project CLASS Trainer for each cluster of 4-7 workshop participants to facilitate role-playing and skill acquisition by all participants. Workshop Training most frequently occurs the two to three weeks before the start of school in August.

The Project CLASS Core Skills Workshop Training builds on the current skills of the participants and strengthens abilities to: concentrate teaching on important, simple, clear, defined user-friendly social and learning readiness skills; notice and communicate what children are doing and not doing in their social behavior; communicate with language and intention that help children implement skills and experience success; respond in a consistent and effective way to children's appropriate and inappropriate social skills behavior, facilitating their social skills development; effectively "set expectations" for social skills behaviors; effectively use "praise and positive attention" directly linked to social skills behaviors; effectively use "reminder prompts" directly linked to social skills behaviors; effectively make use of "choices" and "consequences" directly linked to social skills behaviors; make social skills teaching FUN by using music, songs, movements, and scenarios; avoid a number of pitfalls that lead to power struggles with children; feel more confident that participants know what to teach and how to teach social skills effectively; teach social skills positively with positive results.

Project CLASS Core Skills Training Dates

Training Dates are also listed on the www.projectclass.org website.

Operational Logistics for Zoom Training

We will need the name of each registered participant, his or her email address for the Training Packet, a phone number to facilitate communication & Zoom problem solving, and a mailing address for the sets of posters.
