

Dear Denise,

Thank you for reaching out. Project CLASS has truly been a great program for St. Joseph Catholic School. It has provided meaningful activities that support both our students and staff. We especially appreciate Miss Andrew, who has been a wonderful presence, her dedication and interaction with the students have made a positive impact on our school community.

We are grateful for the support Project CLASS provides and are happy to share our satisfaction with the program for your upcoming report.

Warm regards,
