2026 PATHLIGHTER HONOREE

The Houston Achievement Place Pathlighter Award is presented each year to individuals who have shown leadership and accomplishments in bettering our Houston community through dedicated service. The recipients of the award help to "light the path" for others.

This year, we are honoring a most deserving and amazing leader with our Pathlighter Award:

MILBY DUNN II

2026 PATHLIGHTER AWARD

The Houston Achievement Place Pathlighter Award is presented each year to an individual who has shown leadership and accomplishments in bettering our Houston community through dedicated service. Recipients of this annual award help to "light the path" for others.

Milby Dunn II

Milby Dow Dunn II is an accomplished executive with over two decades of leadership in the insurance industry. Currently serving as Chairman of the Board at Columbia Lloyds Insurance Company in Houston, Texas, a position he has held since March 2009, Milby brings a rare combination of strategic vision, operational discipline, and deep industry knowledge to every role he undertakes.

A dedicated community servant, Milby is fully engaged as a Board Member of Houston Achievement Place (since 2015), and is a member of the HAP Executive Committee. He currently serves as ambassador to Sharpen Recovery and is active on both the Philanthropic Board and the Research & Innovation Board at the Menninger Clinic.

Milby previously served as a board member for the Houston Recovery Center, where he was Chairman of the Ambassador Program. Milby greatly values his commitment to helping others, and has a heart-felt connection to compassionate service wherever he can make a positive difference for the well-being of adults and children.

HOUSTON ACHIEVEMENT PLACE

The HAP motto is the HAP commitment: Kids Come First!
Founded in 1974, HAP helps children by providing two sets of program services: Project CLASS for Schools and Project CLASS for Community. Our primary mission is serving children who are disadvantaged, underserved and from low-income families. Our complementary mission is serving ALL children and ALL adults for achievement and success at home, in school and in the community.

Project CLASS (Children Learning Appropriate Social Skills) improves children's behavior and learning readiness. These days, too many children have behavior problems in school, at home and in life. Too many children are not able to Engage Eye Contact, Pay Attention, Follow Instructions, Accept No, Calm Down when Angry, Make Good Choices. Too many children are not able to Learn, Get Along with Others and Succeed. Project CLASS significantly improves children's behavior for school, home and life success.

Project CLASS teaches core-foundation social and learning readiness skills to children 3-5 and 6-12 years old. Core-foundation skills are the ABC basic underpinning skills critical for: Positive Behavior; Learning; Focus of Attention; Academic Achievement; Family Relationships; Getting Along with Others; Combating Bullying & Hate; Mental & Behavioral Health; Success not Failure.

Project CLASS for Schools benefits 32,000 children, 4,000 teachers and 2,000 parents annually in 60+ elementary schools and early childhood centers. School partners include Houston ISD, Pasadena ISD, Cy-Fair ISD, Katy ISD, KIPP Charter, Catholic and Faith-based schools. Music, songs and movements accelerate skills development and retention, contributing to proven benefits and impact.

Project CLASS for Community is an exciting and creative set of complementary services. With the goal of helping tens of thousands, potentially hundreds of thousands more children, parents, teachers, grandparents, foster parents, youth ministers, daycare & after-school staff, HAP has developed the rarest of rarities: a way to serve an astonishing number of children and adults that is remarkably cost effective and economically viable.

Our newest offering- Children's Books Animated Films Social Skills Initiative involves an integrated series of Children's Books, Animated Films, Comprehensive Parent & Educator Guides, Songs, Song Animations, Demonstration Videos, In-Person & Virtual Training Sessions (Zoom & Webinar), Coaching, Partnerships and Community Awareness Outreach. The Books, Animated Films, Guides, Songs, Animated Songs, and Demonstration Videos are all free internet giveaways available to all with instant access. This newest offering is ideally suited for schools, families, day-care, churches, and community-engaged organizations. HAP is committed to addressing significant community needs in affordable ways that make a positive difference in the lives of many children and adults.
